

# Call for expression of interest IRSSM India 2022 + Summer School

A SERI initiative

## Research Paper Development & Summer School opportunity

### Objective

- To provide research scholars and academicians with scientific guidance on the research paper writing (establishing a research focus, choosing a title, developing an abstract, conceptual framework)
- To guide participants to work in interdisciplinary research teams to develop innovative ideas that will ultimately result in the submission of impactful manuscripts to leading academic journals

### Summer School

- Art of Writing Paper • Quantitative Methods
- Qualitative Methods

\*By eminent international experts

The IRSSM-India chapter is an extension of the International Research Symposium in Service Management (IRSSM), a platform designed to promote and nurture research mindset among Indian research scholars. Since its inception, IRSSM has successfully conducted symposiums in countries such as Mauritius, Indonesia, China, India, Estonia, Malaysia, Thailand, S. Korea, Slovenia, and Dubai with the collaboration of many renowned senior researchers. Through these symposiums, IRSSM has been able to connect with many researchers from India and has subsequently established an IRSSM-India chapter to support the growing number of research scholars in India. Unlike other conferences and past IRSSM symposiums, the IRSSM-India chapter will be an outcome-oriented opportunity for paper development with publication as its focus. Participants will work in interdisciplinary research teams to develop innovative ideas that will ultimately result in preparation and submission of impactful manuscripts to leading academic journals. Participants will receive an "IRSSM Scholar Award" and certification following completion of a full paper.

### Important Dates

Expression of interest for participation

**30** March 2022

Announcement of selected participants

**05** April 2022

Last date for registration after selection

**15** April 2022

### Key Takeaways

- Receive training from leading scholars, researchers in service management/marketing
